Subject: FW: Conner Property located at 270 Mills Gap Rd. in Asheville NC near CTS Superfund site

Good afternoon Lou Ann,

Please see below, a request for sampling data for the CTS of Asheville, Inc. Site in Asheville, NC. As the requestor states, the sampling would have been conducted several years ago. This property is actually across the street from the site. Please let me know if you need additional information in order to respond to this request.

Have an amazing Friday!

Subject: Conner Property located at 270 Mills Gap Rd. in Asheville NC near CTS Superfund site

Dear Angela:

Good talking with you just now. I represent Ralph Conner, Conner Motors and South Park Storage, all of whom are located at 270 Mills Gap Rd. Several years back, the EPA did do some testing on this site due to it's close proximity to the CTS Superfund site. As the Conner property is under contract to sell, the buyer requires us to obtain all environmental testing on our site.

I would appreciate it if you could send us all the information you may have on file regarding our property and any testing that occurred.

Thank you for your assistance.

Joe Ferikes
